

# Notes on WTMC

Dear WTMC Members,

In these short Notes on WTMC (6), only two news items, and very pleasurable ones to announce:

### **Nicholas Mullins Award for Teun Zuiderent**

During the banquet of the 4S Annual Meeting, last weekend, Teun Zuiderent (EUR) has been awarded with the Nicholas Mullins Award for his article *Competition in the wild; emerging figurations of healthcare markets*. It will be published in *Social Studies of Science*. Congratulations!

The article is also one of the chapters of Teun's dissertation *Standardizing medical practices; experimental interventions in medicine and science and technology studies*. He will defend his thesis on Thursday October 25, 2007, at 4 pm in Rotterdam.

### **VIDI for Peter Paul Verbeek**

In 2003, Peter Paul Verbeek (UT) acquired a NWO Vernieuwingsimpuls VENI grant. Recently, he repeated the achievement by acquiring a VIDI grant for his philosophical research on technological development and the shifting boundaries between "technology" and "men". Congratulations again!
